Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Thursday 11 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry, largely sunny Thursday. Windy, feeling very cold on Friday.

Today:
A very cold start to the day with a widespread frost and icy patches on untreated surfaces. It'll be largely dry with light winds and plenty of sunshine. Perhaps a few light snow showers in the north later. Maximum temperature 2 deg C (36 deg F).

Tonight:
A largely dry and clear night with another severe frost and icy stretches. Feeling very cold in the brisk breeze. Some isolated snow showers along the Northumberland coast. Minimum temperature -8 deg C (18 deg F).

Friday:
Remaining very cold with strengthening southeasterly winds. Largely dry and sunny but some increasing cloud spreading inland during the afternoon. A chance of snow showers along the Northumberland coast. Maximum temperature 2 deg C (36 deg F).

Outlook for Saturday to Monday:
Remaining windy throughout this period. Dry but increasingly cloudy Saturday. Risk of snow or freezing rain spreading eastwards on Sunday. Cloudy and wet but milder on Monday.
